

# Variable Attenuators

The DrawCom range of variable attenuators includes both manual switch and remote switch options. SMA connectors are standard, however, other configurations are available on request.

## Selection Guide

### Switched Attenuators

Part No.	Attenuation Values (dB)	Attenuation Steps (dB)	Power Handling (W)	Attenuation Accuracy (dB)	Frequency Range (GHz)	Connectors	VSWR	Weight (kg)
10-000901	0-15	1,2,4 and 8	0.25	± 1.0	DC to 1	SMA female	1.3:1	0.2
10-000701	0-30	2,4,8 and 16	0.25	± 1.0	DC to 1	SMA female	1.3:1	0.2

### Remote Switched Attenuators

10-001202	0-15	1,2,4 and 8	0.25	± 1.0	DC to 2.5	SMA female	1.3:1	0.2
10-001201	0-30	2,4,8 and 16	0.25	± 1.0	DC to 2.5	SMA female	1.3:1	0.2
